

RODIA PRODUCTS

ROLL CODING

All Rodia rolls have a **THREE** digit code followed by a length

-  **FIRST** digit indicates the **FILM TYPE**
-  **SECOND** the **ADHESIVE WIDTH**
-  **THIRD** the **PUNCHING CODE 1** for Vertical filing system
-  **LENGTH** is expressed in metres
 eg 821-50 – Milky polyester 190um 6mm adhesive – 50 metre long

FILM TYPE

Type 3	Clear 75µm thick	Thin economical polyester strip suits drafting film and 90gsm tracing paper.
Type 6	White 125µm thick	White polyester strip can be written on
Type 8	Milky 190µm thick	Extremely strong films. Suitable for the filing of heavy, laminated or old plans
Type 9	Milky 250µm thick	
Type 10	Milky 350µm thick	

ADHESIVE

-  The adhesive used is a pure, substrate-free, rubber film with a high melting temperature and excellent aging resistance.
-  It is unaffected by ultra-violet light and heat.
-  Standard adhesive width: 6mm (Code 1) is suitable for most light plans.
-  Double adhesive width: 12mm (Code 2) is preferable for old plans or heavy documents (eg mounted maps, paste board, posters or laminates).

LENGTH

Rolls of 50, 100 or 200 metres are available according to film type.

APPLICATION

For effective long term bonding to plans and drawings:

-  Application must be perfect with air bubbles removed by continuous strong pressure.
-  Sheets must be free of grease, dirt, dust, etc.

DIVIDERS

Dividers are a must to subdivide a pack of plans.

Allow at least one subdivision per 100 sheets.

Dividers are made from thick polypropylene, 75mm wide, and come in white, blue, red, green and yellow and are available plain or with metal index tabs evenly staggered along the top edge.

Dividers are coded in the same way as the Suspension Strips

-  **FIRST** digit is for **COLOUR**, “4” for White or “5” for Colour
-  **SECOND** digit is for **TYPE**, “0” for Plain or “5” for metal index tags.
-  **THIRD** digit is the **PUNCHING CODE 1** for Vertical filing system.
-  **LENGTH** is expressed in mm (297, 420, 594,707,841 or1000)

e.g. 451-594 white divider with tag 594mm long – 501R-841 red divider without tag 841mm long

Dividers are available cut to size: length available: 297, 420, 594, 707 and 841 (colour to be specified).
