

We are offering a challenging role for a Production Engineer/ Draftsperson that would suit a recently qualified Industrial Design/Mechanical Engineer Graduate.

Planex requires an enthusiastic individual to be part of our experienced manufacturing/production team based in Hallam, Victoria. Our company is one of Australia's leaders in the manufacture of office storage equipment. Situated in Melbourne's outer southeast suburbs, our company's modern manufacturing plant is equipped with state-of-the-art automated sheet metal equipment.

This role would suit a recently qualified Mechanical Engineer/Industrial Design graduate or Draftsperson with a practical understanding of product form, function and especially manufacturing.

The successful applicant will work closely with the plant manager, product development team, production supervisors, sales team and management. Full training on all aspects of our work will be provided to the successful applicant.

Key responsibilities

- Produce detailed shop drawings to support the sales department's customer quotes and proposals.
- Create 3D renders as required for sales presentations and tenders.
- Create engineering Bills of Material for costing purposes in our enterprise resource planning (ERP) software.
- Produce engineering drawing for supplier purchases.
- Produce drawings for ongoing product enhancement and new product developments.
- Participate in the creation of work instructions and product documentation such as specification sheets.
- Assist production team in improving manufacturing and production techniques.
- Maintain Company CAD drawing register.
- Be a member of the company's R&D team.

Experience

- Proficiency in SolidWorks and AutoCAD.
- 3D modelling experience using Keyshot desirable.
- Experience in ERP software such as Microsoft NAV an advantage.
- Proficient with Microsoft Office suite.
- Ability to adapt to change and work within a fast-paced environment.
- Good written and verbal communication essential.
- Aptitude for problem solving and troubleshooting.
- Engineering design experience in related sectors will be highly regarded.
- Excellent time management skills.

About the position

- Full-time with immediate start working at our Hallam Manufacturing Plant.
- Reporting to Plant Manager.
