Planex

Fatfile™ Colour Palette 2024

Designer Paul Morris has turned utilitarian notions of dull filing systems on their head by teaming up with Planex to create Fatfile™, an elegant storage solution for the evolving workplace.

Fatfile™ has a range of limited designer powder coat colours and textures. The colour palette includes textured, satin, gloss and flat finishes in the following colours: deep ocean, monument, coast, transformer grey, signal red, black ace, burnished copper, shale grey and crystal clear matt.
